

# MOOSE CABIN

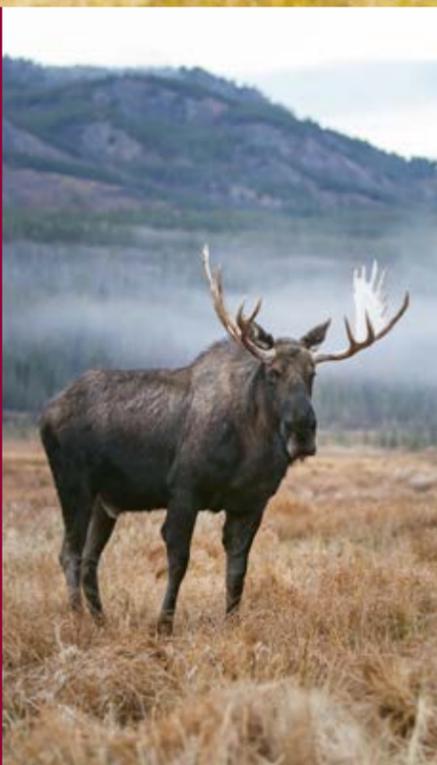

yukon wildlife preserve

# ONE OF A KIND

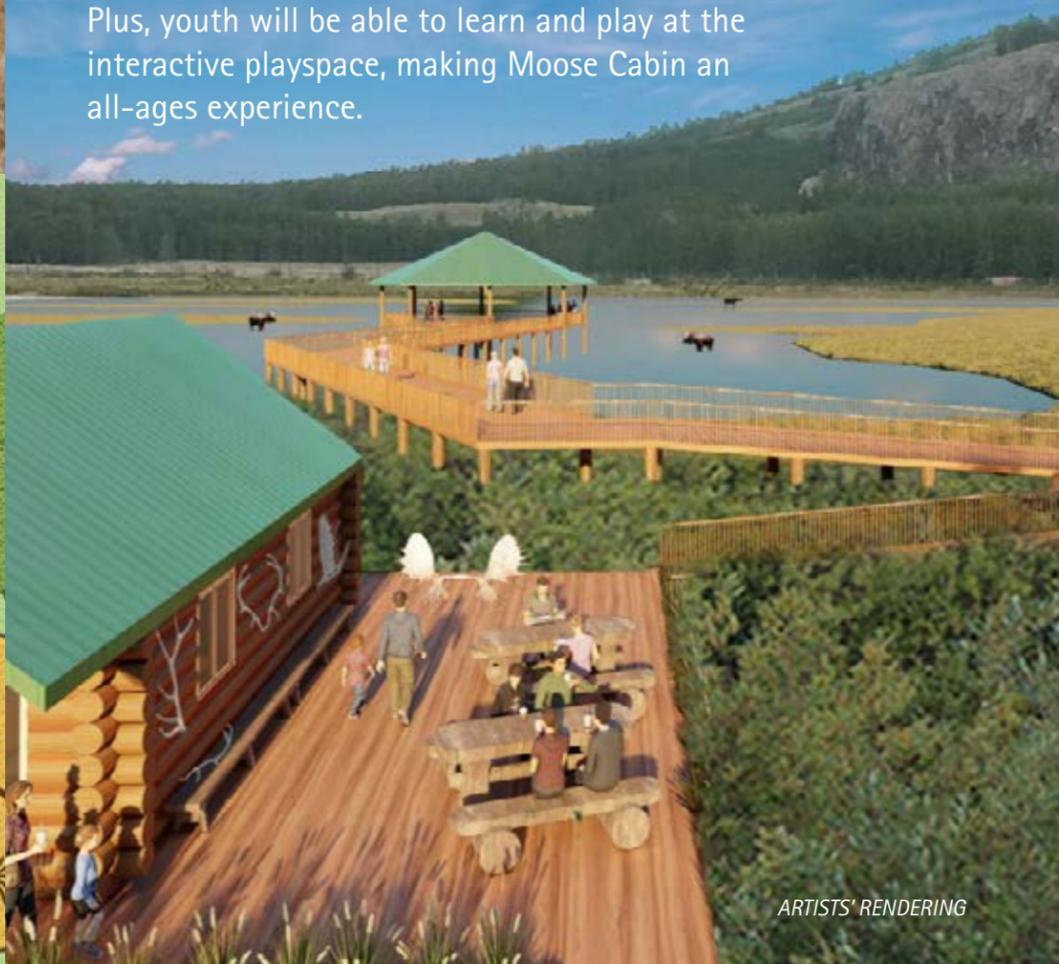

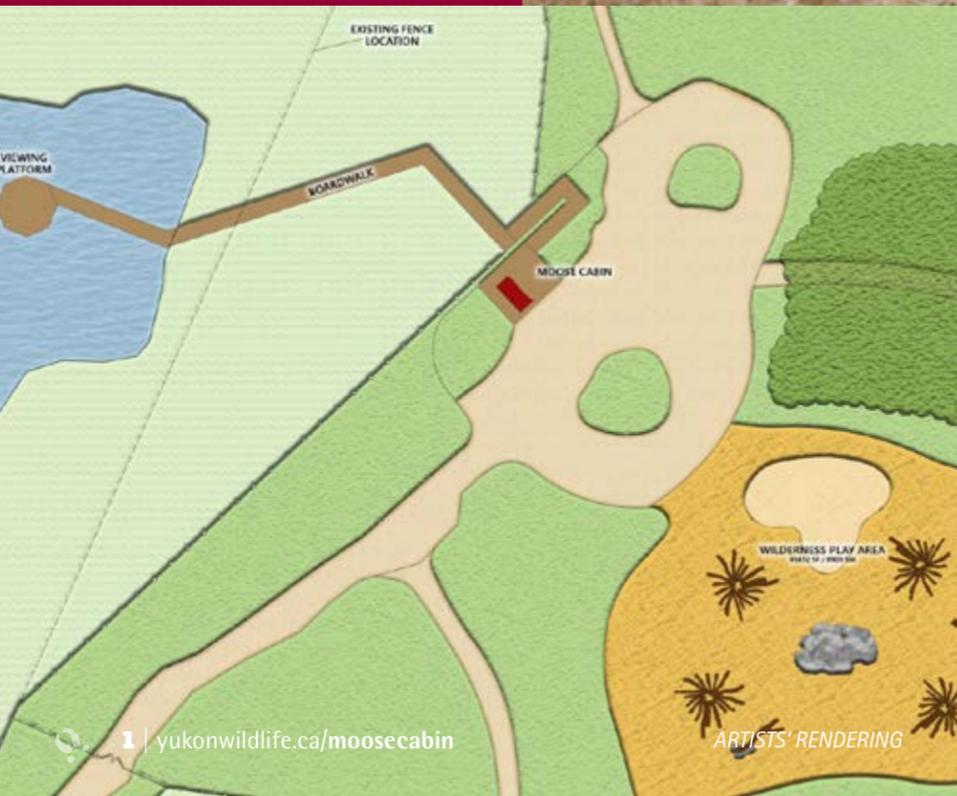

**FIND YOUR  
UNIQUE  
NORTHERN  
EXPERIENCE  
AT MOOSE  
CABIN**

Suspended over a natural moose habitat in a previously undeveloped area, visitors will come face to face with the North at this world-class facility. Yukoners and visitors of every kind will be able to see moose in their natural habitat and experience the wonder of the northern lights, all while gaining a deeper appreciation for:

- the power of being immersed in nature;
- Yukon's unique science and traditional knowledge; and
- our shared connections to Yukon's wilderness.

Plus, youth will be able to learn and play at the interactive playspace, making Moose Cabin an all-ages experience.

# NIGHT OR DAY

ARTISTS' RENDERING

For those that already love the Yukon Wildlife Preserve, new students of nature, and curious visitors, Moose Cabin will offer unforgettable encounters. Purpose-built amenities for day and night will include:

- a boardwalk into the moose habitat;
- northern lights and moose viewing platform;
- a warming cabin with galley kitchen and flush toilets; and
- a family playscape and an outdoor fire for gathering.

ARTISTS' RENDERING

# YEAR- ROUND

Whether arriving on your own or in a group, Moose Cabin will have something for everyone year-round. Adding to the 350-acre preserve – host to over 180 animals – guests to Moose Cabin can:

- learn from guided or self-guided tours and interpretive installations;
- birdwatch, moose-watch or simply stroll along the boardwalk;
- watch for northern lights in a warm environment;
- gather with family, friends or peers to rest and recharge; and
- play on a wilderness-inspired, interactive playscape.

Located on the Traditional Territory of both the Kwanlin Dün First Nation and the Ta'an Kwäch'än Council, Moose Cabin will be at the Yukon Wildlife Preserve on the Takhini Hot Springs Corridor just outside Whitehorse, Yukon.

The Yukon Wildlife Preserve is Yukon's only wildlife rehabilitation facility and is accredited by Canada's Accredited Zoos and Aquariums, which recognizes excellence in animal care and management and a commitment to conservation and education.

We gratefully acknowledge the visionary organizations and individuals who share our passion and support our mission.
